

A Healthy Church will have these characteristics: House, Bride, Hospital, School, and Army

AS GOD'S HOUSEHOLD, we fellowship together as a family; a family that loves.. We value relationships with and accountability with one another. Besides all the others wonderful results of Pentecost, the greatest result was that of a loving spiritual community.

AS CHRIST'S BRIDE, we love, adore, and intimately commune with Christ. We value delighting in the Lord and expressing our love in worship, song, and prayer.

AS A HOSPITAL, we desire to provide healing and restoration of those who have been wounded. We must become skilled in our helping ministries and lift our level of understanding, training, and methodology, and pray for more anointing and power as it relates to Scripture and the Holy Spirit's work among us.

AS A SCHOOL, we are committed to equipping the body of Christ and empowering every member for ministry. Furthermore, unless we educate the pastoral and lay leadership in our churches about the nature of these kinds of problems, we will be speaking to the wrong issues.

AS AN ARMY, we are committed to benevolence, evangelism, and taking the kingdom of God into the community around us. John Wesley said, "Making an open stand against all the ungodliness and unrighteousness which over-spread our land as a flood, is one of the noblest ways of confessing Christ in the face of His enemies." We want to be a part of advancing His kingdom and His purposes in our generation.
