

Addition

$$3 + 3 = \square$$

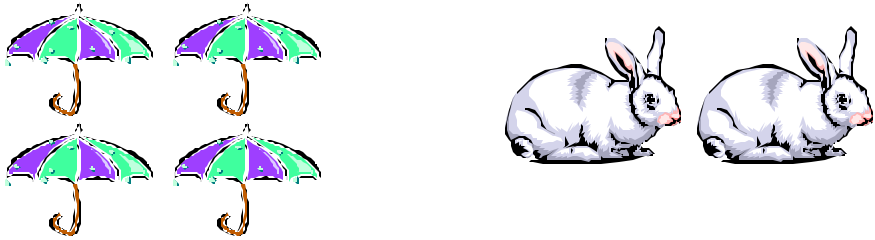

$$4 + 2 = \square$$

$$3 + 1 = \square$$

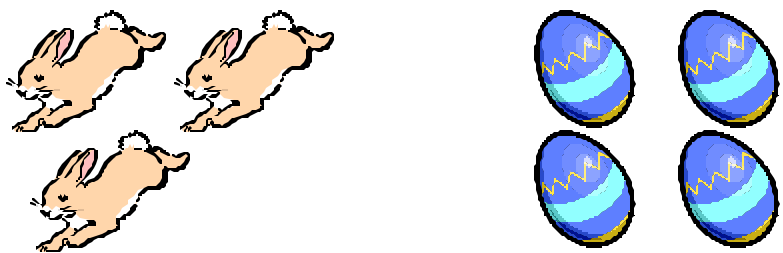

Addition

$$5 + 1 = \square$$

A visual representation of the addition problem. On the left, the number 5 is positioned above five colorful Easter eggs with rainbow patterns. To the right of the eggs is a plus sign. Further right, the number 1 is positioned above a single yellow chick. To the right of the chick is an equals sign, followed by a large empty square box for the answer.

$$4 + 2 = \square$$

A visual representation of the addition problem. On the left, the number 4 is positioned above four purple and green umbrellas. To the right of the umbrellas is a plus sign. Further right, the number 2 is positioned above two white rabbits. To the right of the rabbits is an equals sign, followed by a large empty square box for the answer.

$$3 + 4 = \square$$

A visual representation of the addition problem. On the left, the number 3 is positioned above three brown rabbits. To the right of the rabbits is a plus sign. Further right, the number 4 is positioned above four blue Easter eggs with yellow zigzag patterns. To the right of the eggs is an equals sign, followed by a large empty square box for the answer.
