

Developmental Project for AP Psychology

Objective:

To present a well designed, complete presentation of the assigned theory or theories. After watching the presentation, other students should have enough understanding to successfully answer questions regarding your theorist and his/her principles.

Grading:

You will be graded on a scale of 1-4 for each of the following categories:

Category 1 The presentation concentrates on the theory(ies) and fully describes what it is with examples and vocabulary explanation.

Category 2 The presentation shows group knowledge of the subject. Ie; not just reading other people's words.

Category 3 The presentation is creative, accurate, an appropriate length (10 – 20 minutes) and shows quality work

Category 4 All members of the group participate in the design, production and presentation of the product.

Due Date:

Presentations will be on October 29th (Wednesday)

Materials Available:

I have a digital camera and video camera available for use during the school day. I cannot let you take it home overnight.

If you have handouts with your presentation, please get them to me NO LATER than Tuesday, October 28th, so I can make copies for everyone.

If you are using computer equipment, you are responsible for verifying that your presentation runs BEFORE class!
