

**Homework Assignment**  
**Your Life Timeline**  
**Due: September 8, 2008 (Monday)**

On an unlined piece of paper (no smaller than 8.5 x 11 inches), create a timeline of your life from 1994 through 2008.

The timeline will have **5 personal events and 5 world events.** The world events you will use are: **1) 9/11 2) Operation "Iraqi Freedom begins, 3) Olympic games begin in Atlanta, Georgia, 4) Frank Sinatra dies, 5) Hurricane Katrina hits New Orleans.**

Before you begin, **think about your layout** (make a draft). What **blocks of time** will you use? How big should the writing be? How will you point to a specific point on the timeline? What will be the title?

Once you have drawn the timeline and entered your time blocks, complete your timeline by **researching the dates of the world events** and entering them on the timeline, then **adding your own personal events.**

***Remember that quality counts, legibility counts, take your time
